INDIAN MARITIME UNIVERSITY

(A Central University, Government of India)

End Semester Examinations December 2018 M.Tech. (Marine Engineering and Management) Semester-I

Materials in Marine Environment, Marine Inspection & Survey. (RS23T0005)

Date : 28.12.2018 Time: 3 Hrs Maximum Marks : 100 Pass Marks : 50

Note: Answer **any five** questions. All questions carry equal marks. (5 x 20 Marks = 100 Marks)

- 1. (a)What type of steels are normally used for shipbuilding and what are their desirable properties.
 - (b)What are the Classification Society requirements before they accept/approve any steel for shipbuilding. [10+10 =20]
- 2. (a) What is meant by "Polymorphism" and "Allotropy".
 - (b) Give at least two examples of materials/metals/nonmetals that exhibit this property of Polymorphism. [10+10 =20]
- 3. (a)Explain "Critical Temperature" in the context of the phenomenon of "Superconductivity".
 - (b)Give some examples of Superconducting Materials along with their respective Critical temperatures. [10+10 = 20]
- Draw neat sketches with labels of the following Steel Sections used for shipbuilding; Flat Bar, Bulb Plate, Equal Angle, Unequal Angle, Channel, Tee, Round Bar, Square Bar. [20]
- 5. (a)What is meant by "Corrosion". Elaborate on the role of Corrosion in the Marine Environment.
 - (b)What are "Corrosion Inhibitors". & "Surface Coatings" in the prevention of Corrosion. [10+10 =20]

- 6. Write short notes on the following:
 - a) Fillet Weld.
 - b) Butt Weld.
 - c) Weld Faults.
 - d) Weld Testing

[5X4=20]

- 7. (a) What are the sources of Nano particles in the natural environment. Name some areas of the world which are known to generate most of these nano particles.
 - (b) What are the sources of Anthropogenic (originating from human activity) nano particles. Elaborate on them.

[10+10 = 20]

- 8. (a) What is the role of Classification Societies in ensuring safety in the Marine/Shipping Business.
 - (b)When was IACS (International Association of Classification Societies) formed. Name all the members of the IACS.

[10+10 = 20]
